- Developed interactive crossword grid with RTL/LTR support using React.js.
- Implemented RESTful API integration and user authentication.

Starsite – Personal portfolio website
Frontend Developer
- Responsive portfolio site (HTML, CSS, JS) with project gallery.
- Showcased projects with an interactive gallery and detailed project pages.

WORK EXPERIENCE

Accessibility for All   **March 2023 – November 2023**

Accessibility specialist

Turning Word and PDF files accessible, mainly for the blind. Including an assortment of financial, medical and more general documents.

Software development
- Developing software for automation pipline - To streamline the accessibility process, I took the initiative to automate the pipeline. Working with Python, I developed a software to optimize documents for screen readers.
- Developed a web crawler software that downloads and organizes all text files from a given website in an Excel file.
